In an Order of Summary Suspension entered on March 17, 2004, respondent was directed to appear before a committee of the Board in the event he seeks to reinstate his New Jersey medical license and to show cause why the application for reinstatement should not be refused or why it should be issued because of action taken by the Texas State Board of Medical Examiners ("Texas Board") reprimanding and restricting respondent's license to practice for a three year term. The Texas Board action was based upon respondent's failure to practice medicine in an acceptable manner and for failure to maintain adequate medical records. The Order issued by the Texas Board required respondent to maintain adequate medical records on all patients, complete Medical Education Courses, and obtain and utilize an operations
